Re: Jamar S. Randall
To Whom It May Concern:

Jamar is enrolled in our OMITT vocational training program. He has completed 144 hours of a 200- hour Basic Maintenance Core curriculum. Blueprint Reading, Basic Machines, Vocational Math, and Basic Electricity were the subjects taught. Jamar was one of the more active participants.

This training program will continue after the inmate is released at the OMITT Trade School Campus, located at 2122 Freedom Drive. Mr. Randall has expressed an interest in continuing his vocational training. I think he is a very good candidate to be successful if he continues on the path he is currently traveling.

If you need to contact me for any reason, please feel free to contact me at (704) 392-2107 after 9a.m. Monday through Thursday.

Sincerely,

Zeke Burns
